covers entire cart/truck

panel folds back for easy shelf accessibility

- Eagle cart covers help prevent airborne contaminants from resting on items stored on Eagle carts. Cart covers are also a good means of deterring pilferage.
- Eagle cart covers have reinforced corners for added life. All covers are available with either velcro closures or poly zippers. Covers are lightweight and easy to handle.
- Uncoated covers: Eagle covers are white uncoated 100% polyester. Covers are machine washable.
- Coated covers: Eagle coated covers are Herculite Staph-Chek™ coated fabric vinyl nylon, which is waterproof and resists tearing, odor, mildew, and flames.
- ESD*: These cart covers are electrically conductive, antibacterial, antistatic, flame retardant, waterproof, tear resistant, reinforced vinyl laminate fabric. Includes a flap on one side, brass zipper and paperwork pouch.
- Transparent: Clear vinyl that allows for ease of viewing cart contents.
- Eagle cart covers come in many sizes to fit virtually any application.

* ESD (Electrostatic Discharge) covers are for material handling only!
